- Plan to log in at least 15 minutes early, to run a systems check (seen in the above picture) and troubleshoot anything. You will need speakers to hear the audio, but a microphone and/or webcam is not required. Text Chat will be used if you have any questions or responses throughout the event. Click **Join Now**.

- Next, a screen will pop up (below) asking you to add WebEx extension to your current browser. *This is not necessary to join the event.* At the bottom of the screen, click “Run a temporary application” and follow the directions given to run the WebEx system.

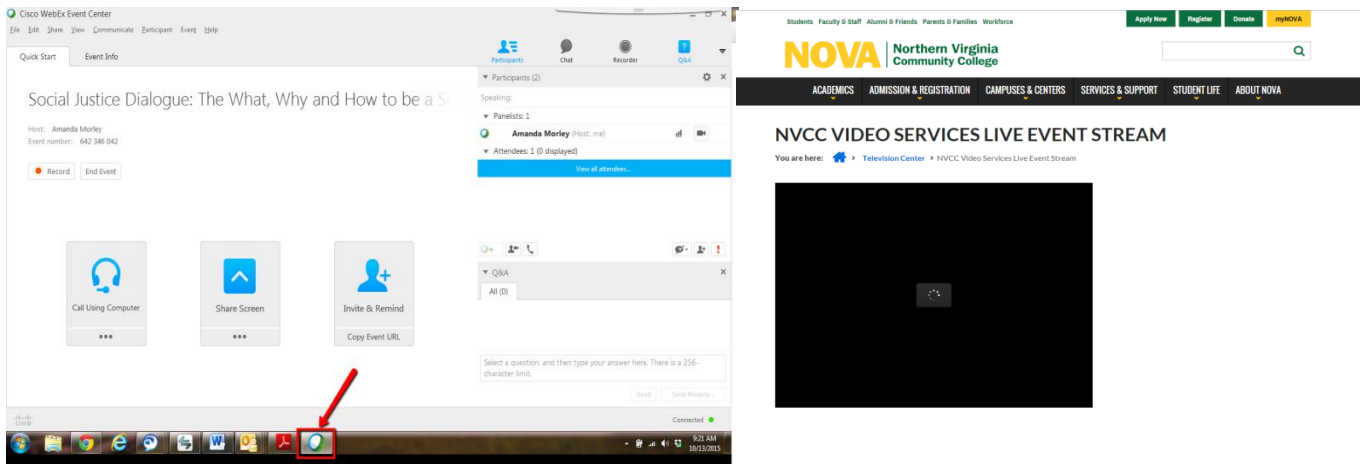

Step 1 of 2: Add WebEx to Chrome

Follow this one-time process to join WebEx meetings quickly in the future.

[Add WebEx to Chrome](#)

Don't want to use an extension? [Run a temporary application](#) to join this meeting.

- You will then be logged into the event center room for the presentation. Once you log in, your default web browser will automatically open the website to view the livestream (Google Chrome and Firefox are preferred). You will need both screens open below for the presentation:

- Find the *Welcome* tab at the upper left corner of WebEx event center. This will provide instructions to connect to audio and submit questions to our presenter/faculty panel during the presentation.
- If you have any issues logging in or need any other technical support during the presentation, please visit [WebEx Support](#).
